### About the Artisans

## Tara Projects

Tara Projects works to change the lives of India's "untouchables," by eliminating unfair trade practices and child labour, fighting the exploitation of artisans and supporting Fair Trade and human dignity. Tara is a pioneering Indian organization in the field of fair wages, non-formal education programs for children and women, health and environmental awareness, adult literacy centres and further development for its member artisans. Numerous levels of committees with elected representatives from all sections of the project co-ordinate the production, design and marketing of handicrafts. Currently, nearly 1000 artisan families from 35 community-based artisan groups and workshops create products from all the major traditional handicraft lines of northern India. These artisans receive medical insurance, interest-free loans and advances, access to savings programs and skills training.
