## Fish Face Bird Feeder (Yellow)

Attract backyard birds and help children (and avian-loving adults) connect with nature with this whimsical bird feeder in the shape of a gulping fish. Pour birdseed in the mouth and watch as small birds perch on the attached stick to hunt inside for dinner. Each birdfeeder hangs from a twisted jute rope.

ceramic, wood, jute rope

### About the Artisans

## Association of Craft Producers (ACP)

The Association of Craft Producers is a non-profit group that provides design, marketing, training and technical services to low-income artisans of all ethnic backgrounds, 90% of whom are women. ACP artisans also have access to benefits including counseling and medical services, paid maternity and paternity leave, and clothing and household allowances. They have also initiated a savings program and a retirement fund, low-interest loans, education allowances for artisans' daughters, and seminars on health, nutrition and women's rights. ACP takes an active role in protecting Nepal's fragile environment by recycling materials, using water-based dyes for printing, using only softwood in production, harvesting rain water and treating production waste water.
